The U.S. Navy's Robotic Boats Are Getting Smarter

'My juicer is not meant to squeeze lemons; it is meant to start conversations.'

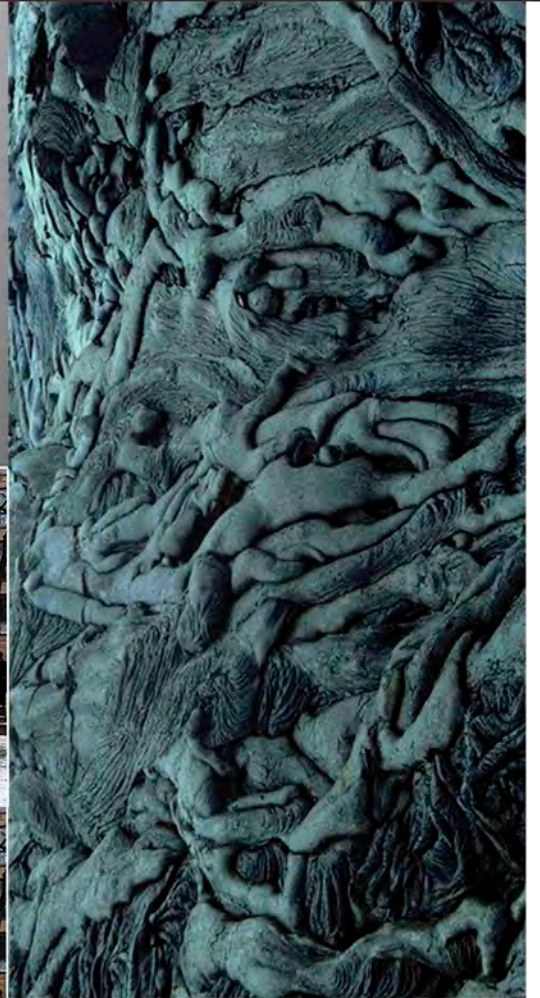

'It is true that I can better tell you what we don't do than what we do.'

How about it? Do you feel the terror?

First, let's put some screams of unbearable confusion in the unpainted areas of the canvas.

A slippery slope. [\[full video\]](#)

Notice how they don't say this was in 2013. There's not even a link to click, they're just posting bait for the lolz

The Associated Press @AP
BREAKING: Yahoo says hackers stole data from more than one billion user accounts.

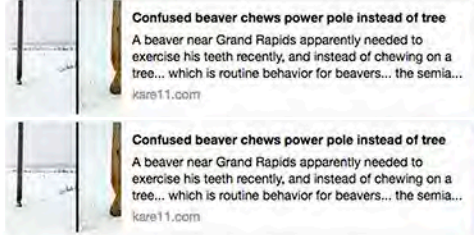

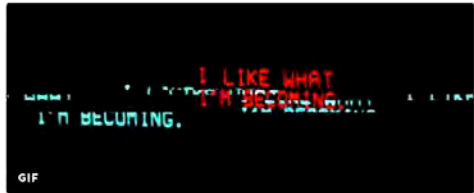

You've been sold a lie. You cannot just buy "security." It is something obtained through simple choices and knowledge. Tragically, these aren't even hard to do or obscure to learn. But no one makes money telling you how to use what you already have. What you need is someone who doesn't care about your money or looking smart by spouting off fancy words of no consequence - just that you not be a victim.
