WannaTry?

by browserbased group 2020

WannaTry BrowserBased.org 2019 TILT PLATFORM

In response to the invitation by **Foteini Vergidou** for **IASIS** of **Tilt Platform**, Loutraki, Greece, 2019.

WannaTry?

“They must invariably have hope!”

The street lottery seller is aware that he is “selling hope”. That’s the trade he is into and it’s the same for him and those who buy it from him. He doesn’t know which ticket will win. If he doesn’t sell all the tickets he buys wholesale, he may win. But mostly he loses of course, like most people who gamble. He walks his neighborhood, he knows people and people know him. He jokes and comments and circulates daily news. So he is bound by community customs and ethics. For example, one told us when we asked what makes a street seller good at his job, that besides being a talented seller, he must also have a sense of responsibility and be trusted. He said something hard to translate: “if you see a man devastated and nervous you must be careful or you will ruin him”. But most people buy lottery tickets when they feel hopeful and lucky. One told us that he once won a lot. He bought a hotel for his brothers. And they left him on the street.

“Some play for the moment, some play professionally and some others are mad"

BrowserBased Group

Founded in 2013, BrowserBased Group is a practice oriented network research group from Amsterdam. We reckon access to be at issue with a growing number of connected devices, presently at about 20 billion. Following that logic, we pursue variety in access points socially, culturally and physically, from temporary enhancements of login windows, to modified WiFi routers that locally host shows, libraries and message boards, to co-organizing biennials based on NFC tags and QR codes or on occasions infrastructural adjustments. We form a loose group and members co-operate based on affinity and grasp. WannaTry? was organized by Bjørn Magnhildøen(ES/NO), Alex Zakkas (NL/GR), Joubin Zargarbashi (NL/UK/IR) and Zsolt Mesterhazy (NL) to bring works from Igor and Ivan Buharov (DE/HU), Chaise group (Facebook), Jagoda Dmochowska (NL/PL), Silvia Gatti (NL/IT), Ben Grosser (US), Tibor Horvath (DE/HU), Florian Kuhlmann (DE), Bjørn Magnhildøen (ES/NO), Zsolt Mesterhazy (NL), Karina Palosi (NL/HU), Dominik Podsiadly (PL), Predictiveartbot.com (WWW), Jasna Velickovic (NL/RS), Alex Zakkas (NL/GR), Joubin Zargarbashi (NL/UK/IR).

WannaTry BrowserBased.org 2019 TILT PLATFORM

WannaTry?

Οι browserbased σε καλωσορίζουν, φίλε μου! Σκάναρε με το κινητό σου τα κιού-αρ πάνω στα λαχεία και θα σε πάνε σε έργα από διάφορους καλλιτέχνες. Με την ησυχία σου.

Μερικά δεν χρειάζονται καν κινητό, φαντάσου!

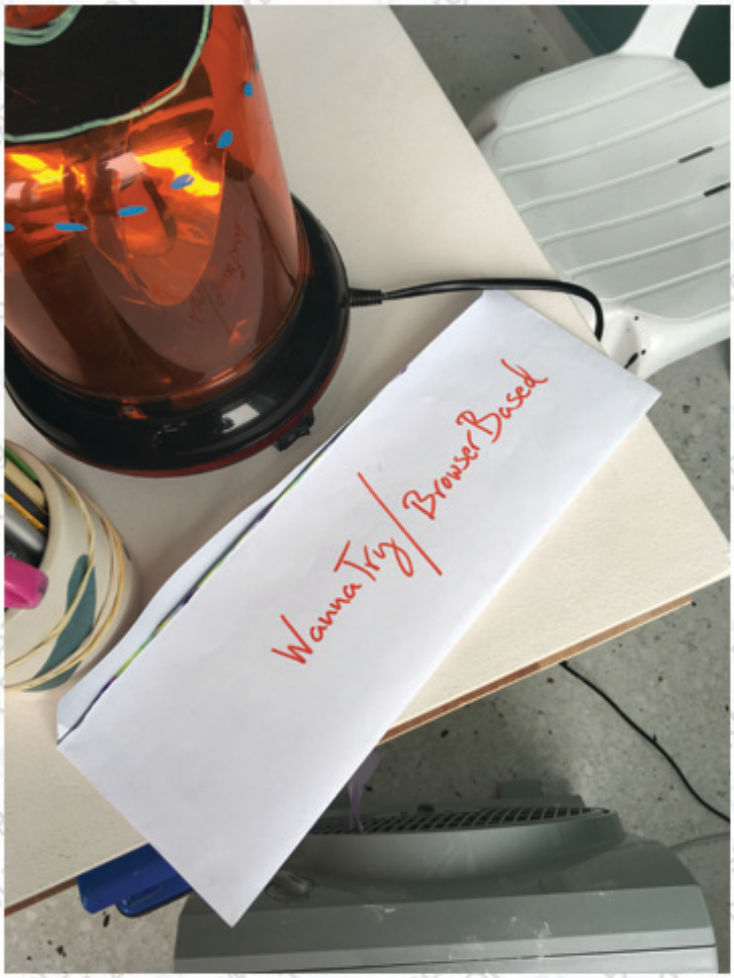

WannaTry?

Browserbased bids you welcome, my friend! Scan the tickets with qr codes and they will point your browser to different works by various artists. Take your time!

Imagine, for some of them you don't even need a device!
